# Dodo staff

Here we are with the first issue of the year. We all put in a lot of time and effort to make it perfect. We hope you enjoy it, but then you get what you pay for, right?

Really, though, all seriousness aside, I'd like to thank the staff for all the fantastic humor, and the censors for letting us print this garbage. And a special thanks to Jim Weidman for not strangling our photographer when he snapped that candid shot for our cover.

As a reminder to all you funny caydets out there, we accept all kinds of material; cartoons, ideas, photos, remarks, suggestions, etc. So help us out. With ideas from all over the wing, this can be the best year ever for the Dodo.

... How did you know he was a Cadet? ...

DODO is an unofficial humor magazine published in the interests of cadets at the United States Air Force Academy. It is published by cadets, a group in no way connected with the Department of the Air Force. Opinions expressed by the publishers and writers are their own and are not to be considered an official expression by the Department of the Air Force. The appearance of satirical advertisements in this publication, including inserts and supplements, does not constitute an endorsement by the Department of the Air Force of the products or services advertised. The articles appearing in DODO are fictitious, as are the characters, and any similarity between them and reality is purely accidental.
