MITCHELL HALL 101

"Myths and Facts about 'YOUR' Dining Facility"

Myth: "Mitch's NEVER serves healthy food..."

Fact: As a matter of fact, Mitchell Hall ALWAYS serves a **plethora** of aged salads. AND on rare occasions, they even include **fresh tomatoes** -- **despite budget constraints!**

Myth: "Ok...Fine...So they serve a few healthy side dishes. But what about the **Main Course?** Mitch's NEVER serves a truly healthy main dish."

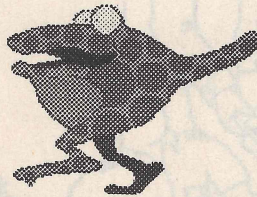

Fact: On the contrary, Mitchell Hall has a very **comprehensive** diet plan that is implemented on every weekly menu. This menu has been formulated for the health conscious cadet. For example, displayed below is last week's menu.

Menu	
M:	Pasta
T:	Pasta
W:	Pasta
T:	Pasta
F:	Pasta
S:	Pasta
S:	Pasta

For those persons that want the *luxury* of taste in their meals, Mitchell Hall always serves their "Secret Red Meat Sauce" with the pasta (However, this sauce is a privilege. If it is wasted, it won't be served in the next fiscal year). However, you can count on Mitchell hall to serve a healthy meal EVERY DAY without failure!

Myth: "All right wise guy...What about the BEEF... That's all that Mitch's ever serves. There is no Variety!"

Fact: Mitchell Hall serves its dishes from a wide assortment of animals. There is not enough room to list the **NUMEROUS** species from which Mitchell Hall selects for its dishes. For example, pictured below is an exotic animal that many cadets wrongfully regard as beef.

They won't tell us what it is, but we assure you, it's not beef.

This concludes today's factoid on Mitchell Hall's menus.

SOME OF THE NOT-SO-POPULAR THINGS TO HANG OUTSIDE YOUR DOOR RIGHT BEFORE GRADUATION:

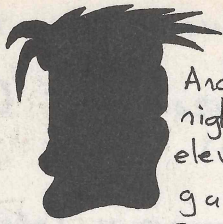

TOP TEN SURVEY QUESTIONS FROM THE
CENTER FOR CHARACTER DEVELOPMENT (CWC)??
(Please respond yes or no)

- ① SHOULD WE GET RID OF ALL DISTRACTING CADET STEREO SYSTEMS BECAUSE THEY KEEP CADETS FROM STUDYING?
- ② SHOULD THE OUTSTANDING OFFICERS AT THE ACADEMY BE GIVEN MORE AUTHORITY TO ASSERT THEIR NON-BIASED, EXPERIENCED, & WELL LIKED OPINIONS BECAUSE OF THEIR GOOD JUDGEMENT?
- ③ SHOULD LESS RESPONSIBILITY BE GIVEN TO THE IMMATURE CADETS?
- ④ DO YOU THINK THAT THE OVERPAID CADET WING SHOULD HAVE SOME OF THAT MONEY TAKEN OUT OF THEIR PAYCHECKS AND PUT TO BETTER USE?
- ⑤ SHOULD THE CORE CURRICULUM AND THE ACADEMIC LOAD AT THE ACADEMY BE REDUCED SINCE THE DUMB CADETS CAN'T HANDLE IT?
- ⑥ SHOULD POV's BE TAKEN AWAY FROM THE CADET WING SINCE THEY CAUSE UNDUE EXPENSES TO CADETS WHEN THEY ALREADY HAVE EVERYTHING THEY NEED IN THE CADET AREA?
- ⑦ SHOULD WE GET RID OF DEMEANING P.D.S.T.s? (actual survey question) AND OTHER DEMEANING ACADEMY TRADITIONS? (i.e. "Bring Me Men" Ramp)
- ⑧ DO YOU THINK WE SHOULD ELIMINATE THE USELESS FOURTHCLASS SYSTEM SINCE IT PUTS UNDUE STRESS ON THE FRESHMEN?
- ⑨ SINCE MITCHELL HALL ALREADY SERVES GENEROUS PORTIONS OF A WELL-BALANCED DIET, SHOULD WE WASTE MONEY ON FOODS THE CADETS ACTUALLY LIKE, EVENTHOUGH THEY HAVE NO TASTE & DON'T KNOW WHAT'S BEST FOR THEM?
- ⑩ SHOULD WE GET RID OF THE CYNICAL & DEMEANING DODO BECAUSE IT EXPOSES THE TRUTH ABOUT THE ACADEMY?

TONIGHT ON
20/20

And every Thursday night at about eleven, they would gather us all together for what they called "our little fun time."

You won't believe what's been going on at the Air Force Academy...

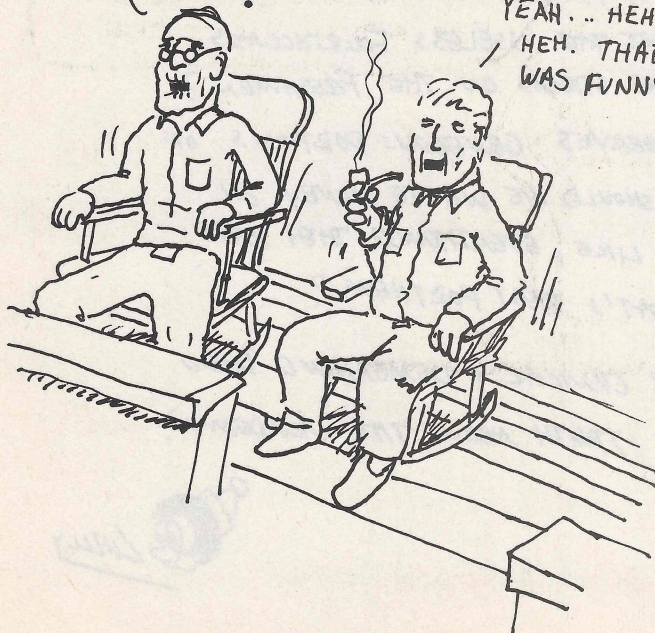

It was terrible, one week they made me toss meat down the hallway, and other time we had to erase blackboards with our backsides. It was like a game to them.

Look, I don't need to be corraled out of my room at an hour to midnight to know I won't have fun but, can we stop?

LAST TIME ON STRACT WARS...

And so the reign of terror begins

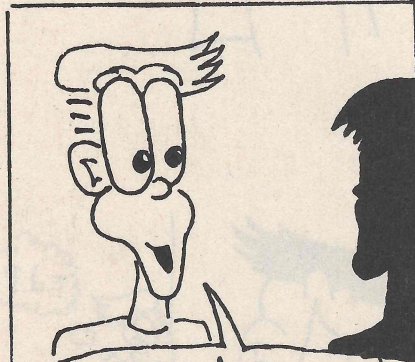

AND NOW...
THE AMAZING CONCLUSION
OF STRACT WARS

At the New Colorado Springs Airport, Flight 639 arrives from Los Angeles. An hour late.

Inside, Dave waits impatiently for the only person who can save the wing.

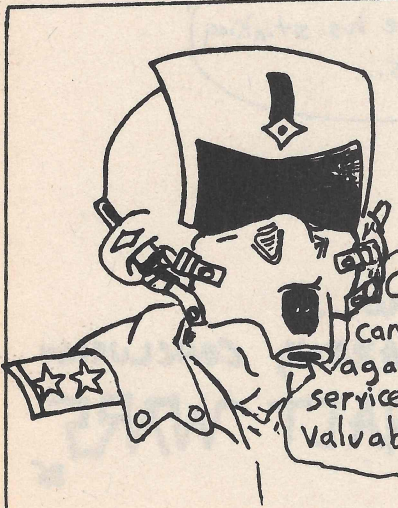

Thank God you made it - we have to hurry...

Meanwhile, back at the Academy...

What is thy bidding, my master?

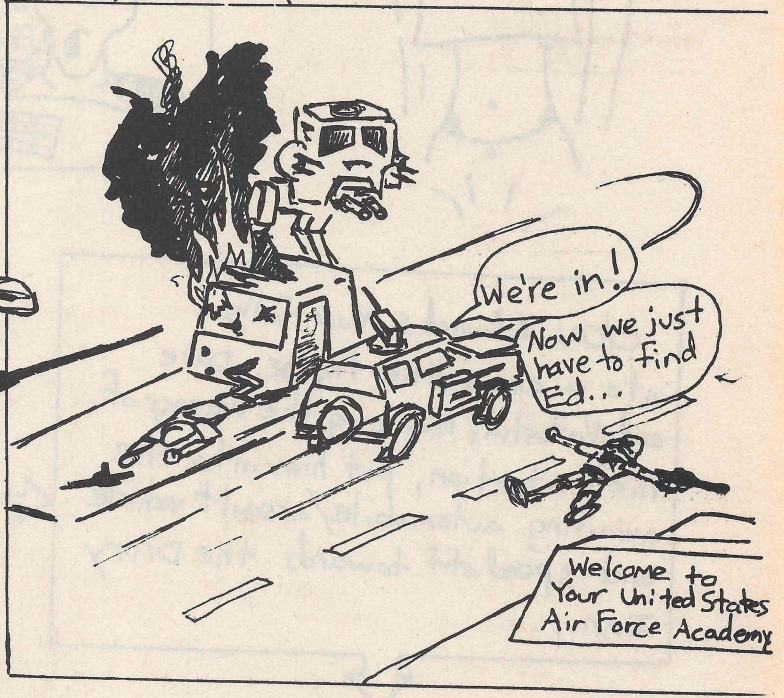

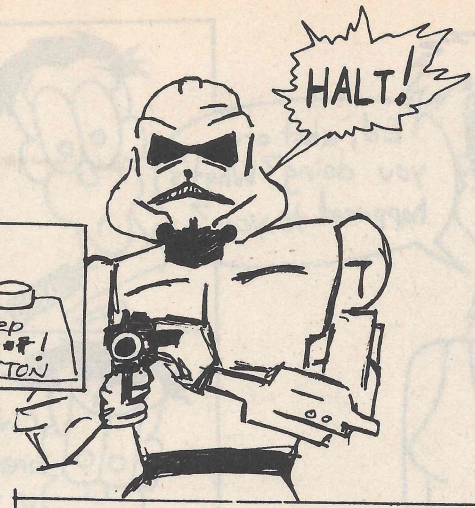

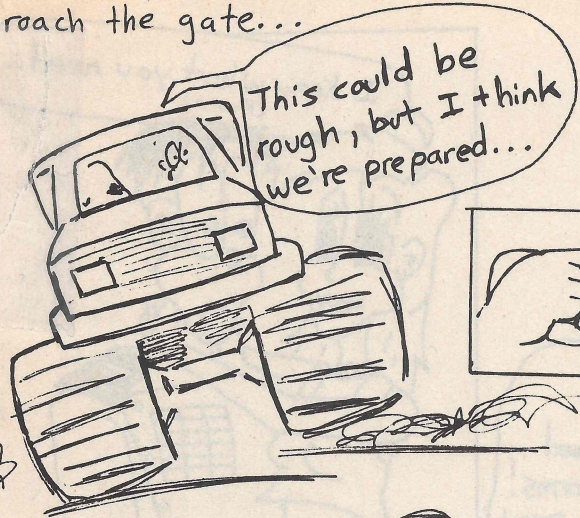

I sense an impending battle. Finish your purge of the wing and then terminate Cadet Muir. The potential to stop us is too great.

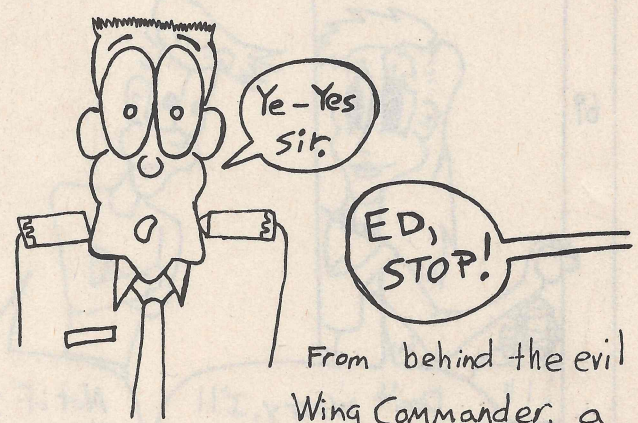

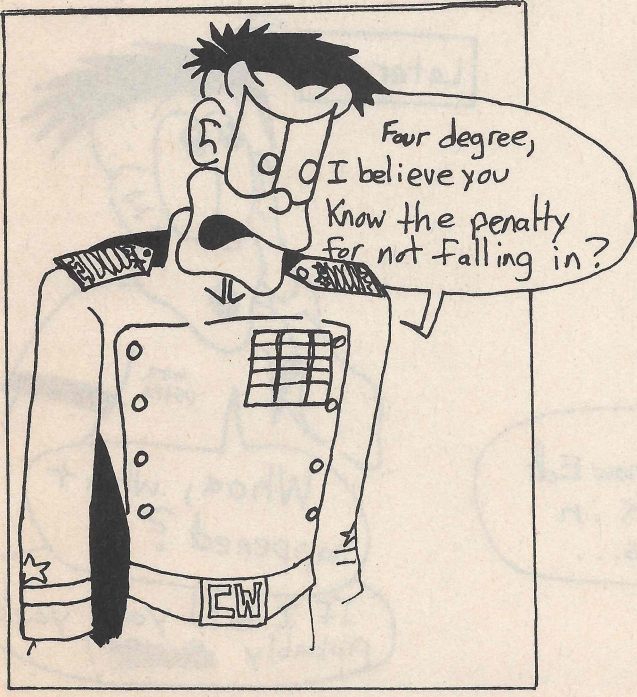

Cadet Muir cannot turn against us. His services are too valuable to us.

For your sake, I hope you are not mistaken, Lord Gamble...

Dave and his "savior" approach the gate...

But Ed's Reign of Terror continues...

From behind the evil Wing Commander, a shrill yet oddly seductive voice challenges the brutal authority...

Ed, what are you doing? What's happened to you?

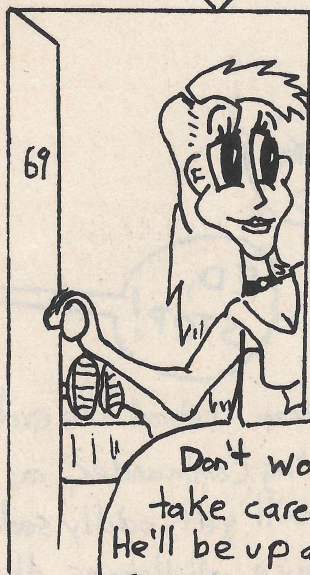

Civilians aren't allowed in the Dorms! Prepare to DIE!

I know what you need... (Purr)

The rest of this scene is hereby censored. We hereat CW® do not feel cadets are emotionally mature enough to witness Ed and his girlfriend engaged in a kiss. We encourage you to do your part in the fight against sexual promiscuity.
The Management

C/CO L Edward S. Muir falls into a coma-like trance. Dave and Natasha, realizing the urgency of their situation, put him into the awaiting automobile/assault vehicle and speed off towards the Drury Inn...

Don't worry, I'll take care of him. He'll be up and awake soon. Give me about an hour, okay?

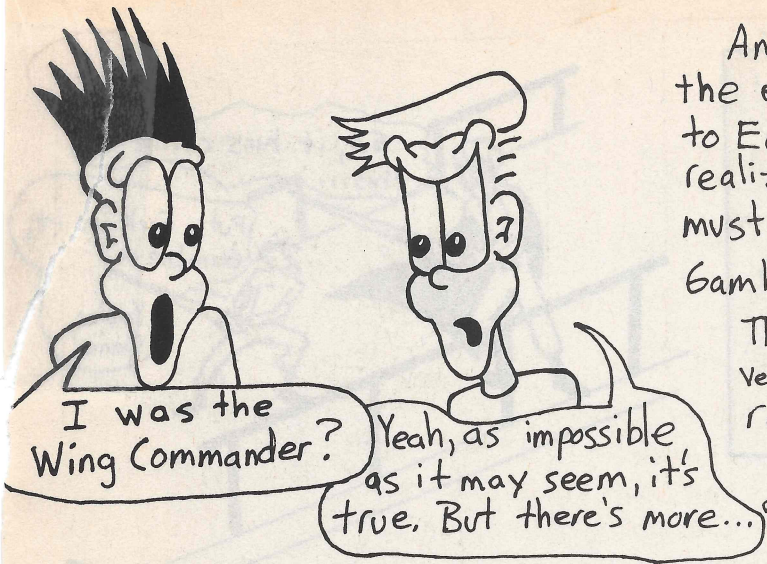

Not if I know Ed: I'll be back in 30 seconds...

Later... ☆

Whoa, what happened?

If I told you, you'd probably ~~blame~~!

And so Dave relates the entire, terrible story to Ed. And the two realize that an end must come to Darth Gamble's rule...

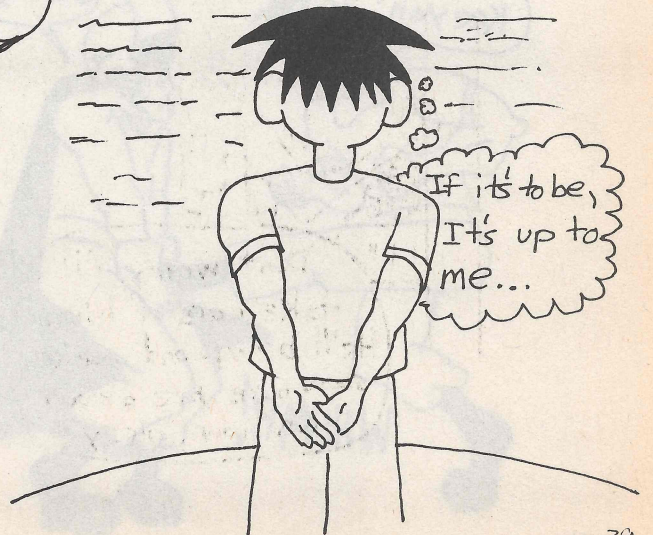

The Suburban Assault vehicle once again roars toward the gate.

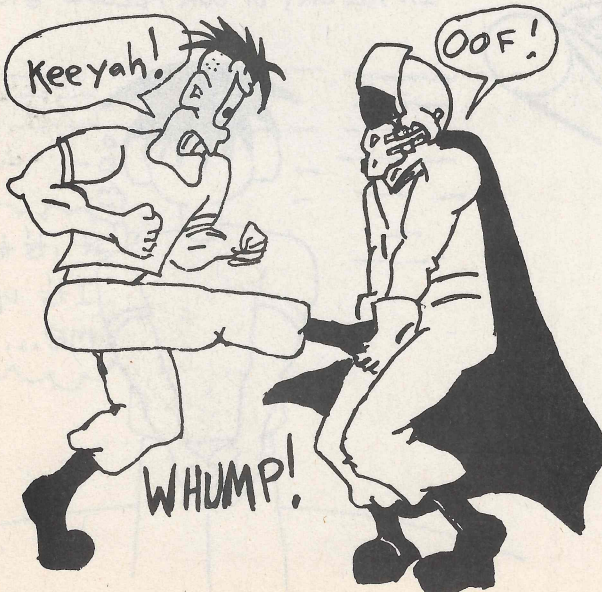

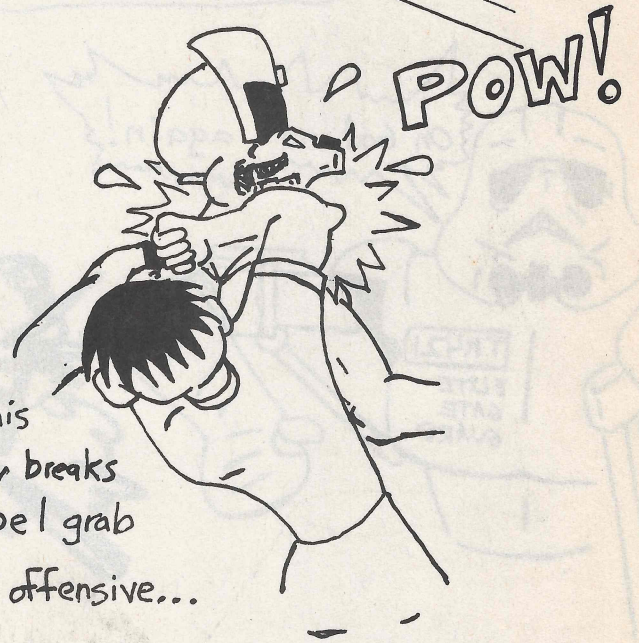

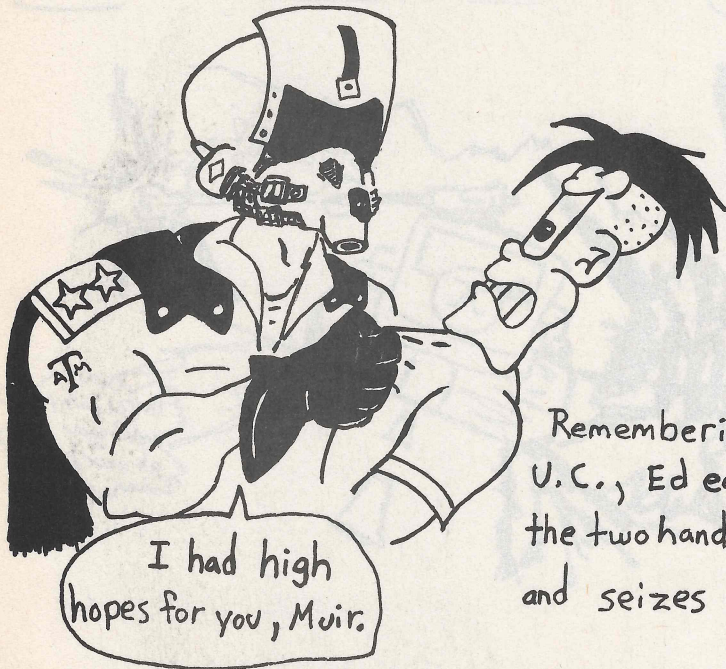

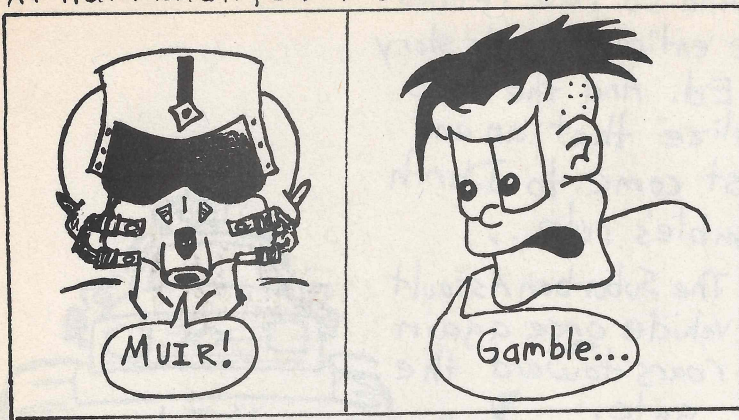

Back at the Cadet Area, Ed realizes his calling...

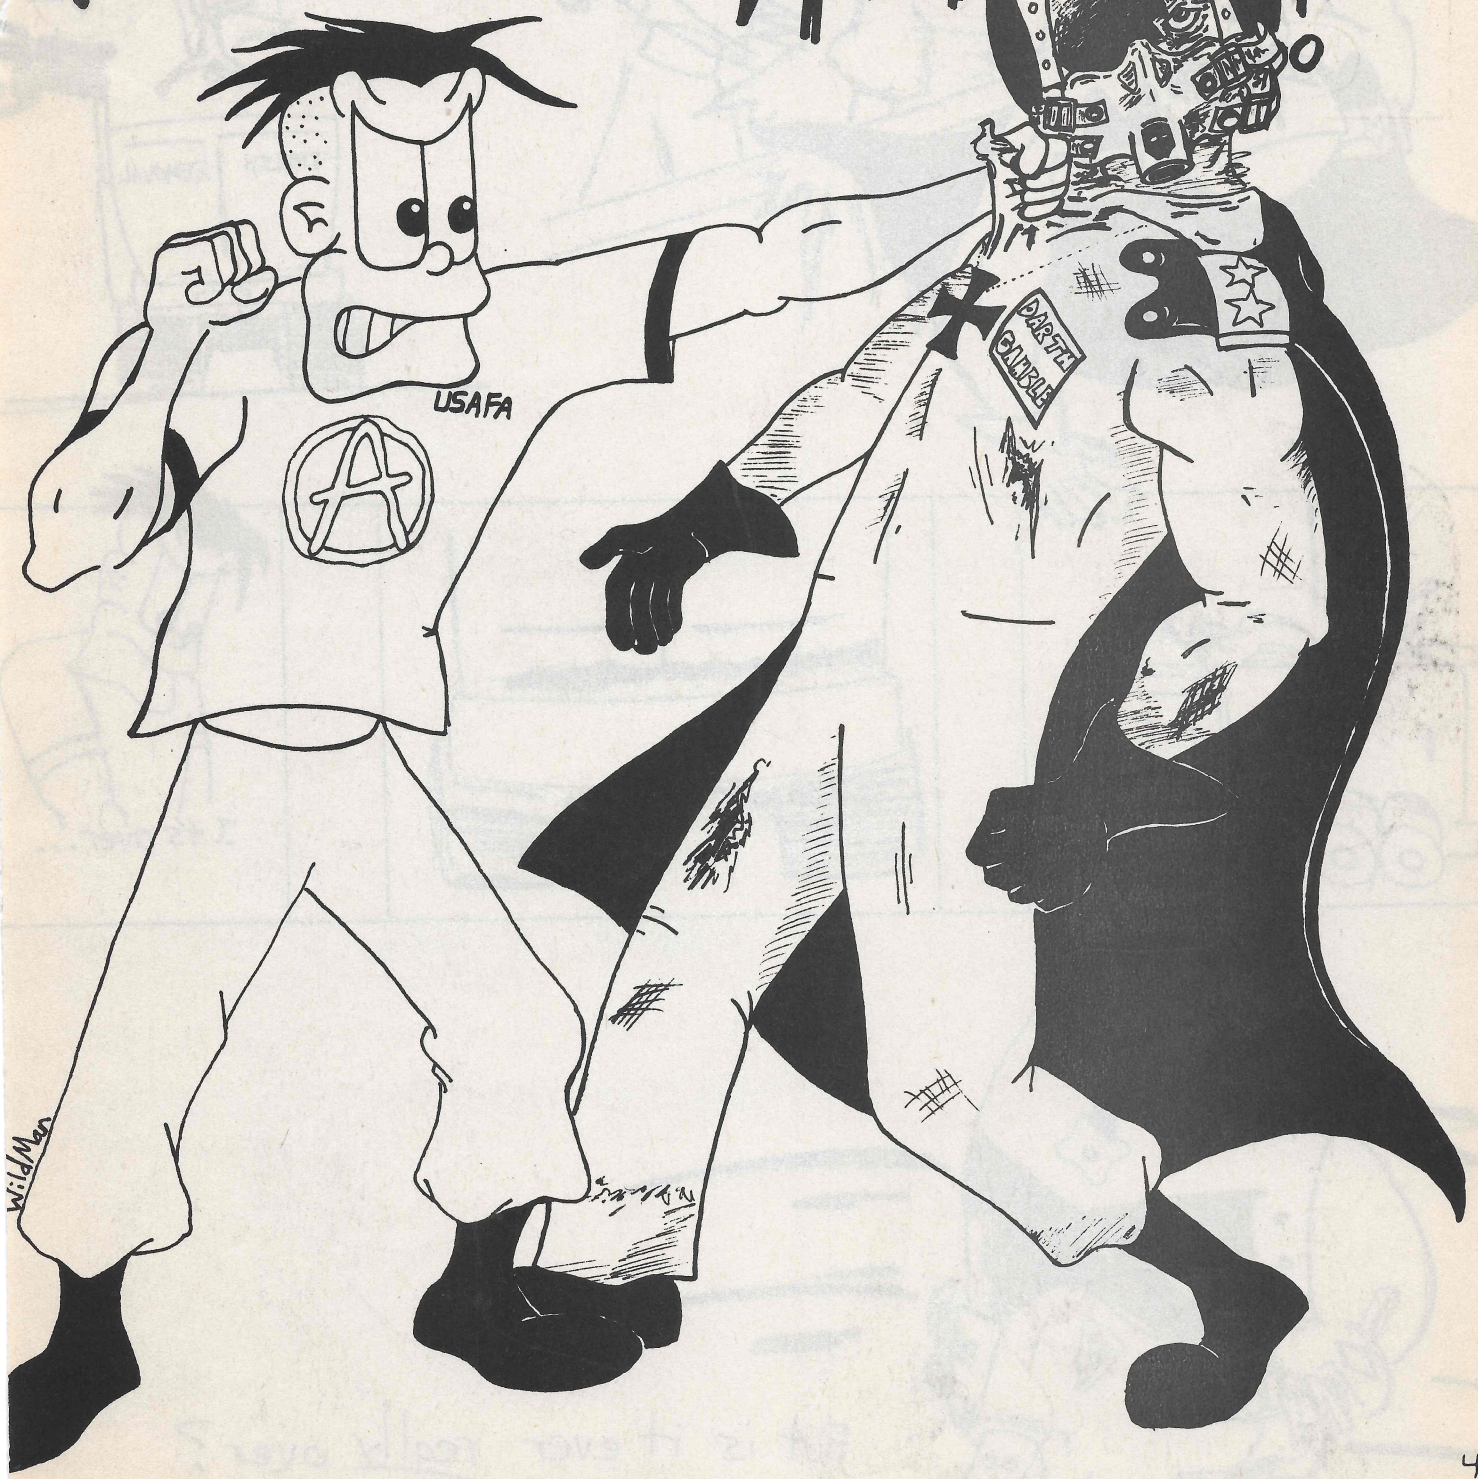

IN MEMORY OF OUR FELLOW GRADUATES

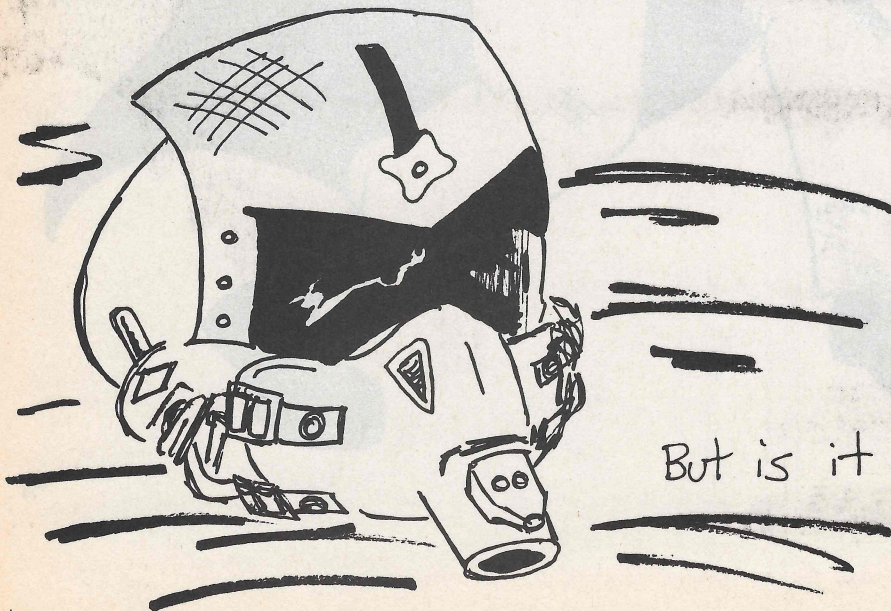

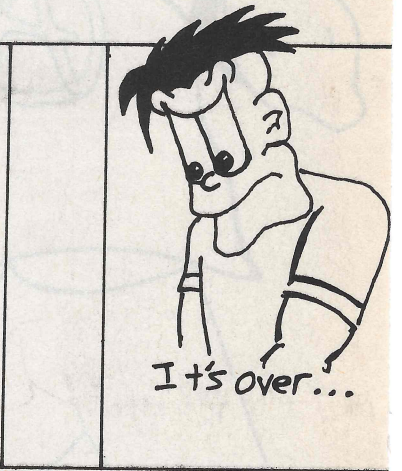

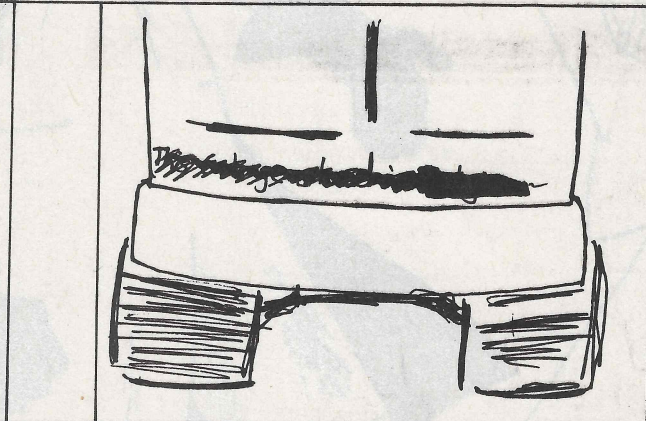

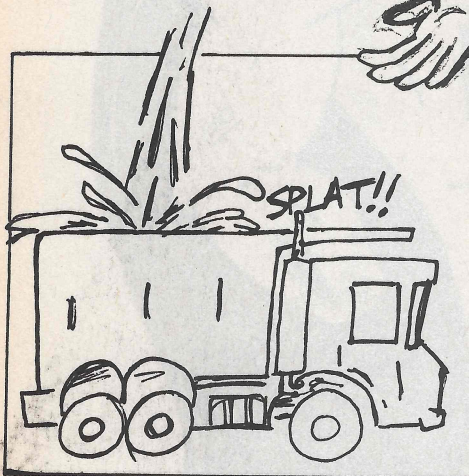

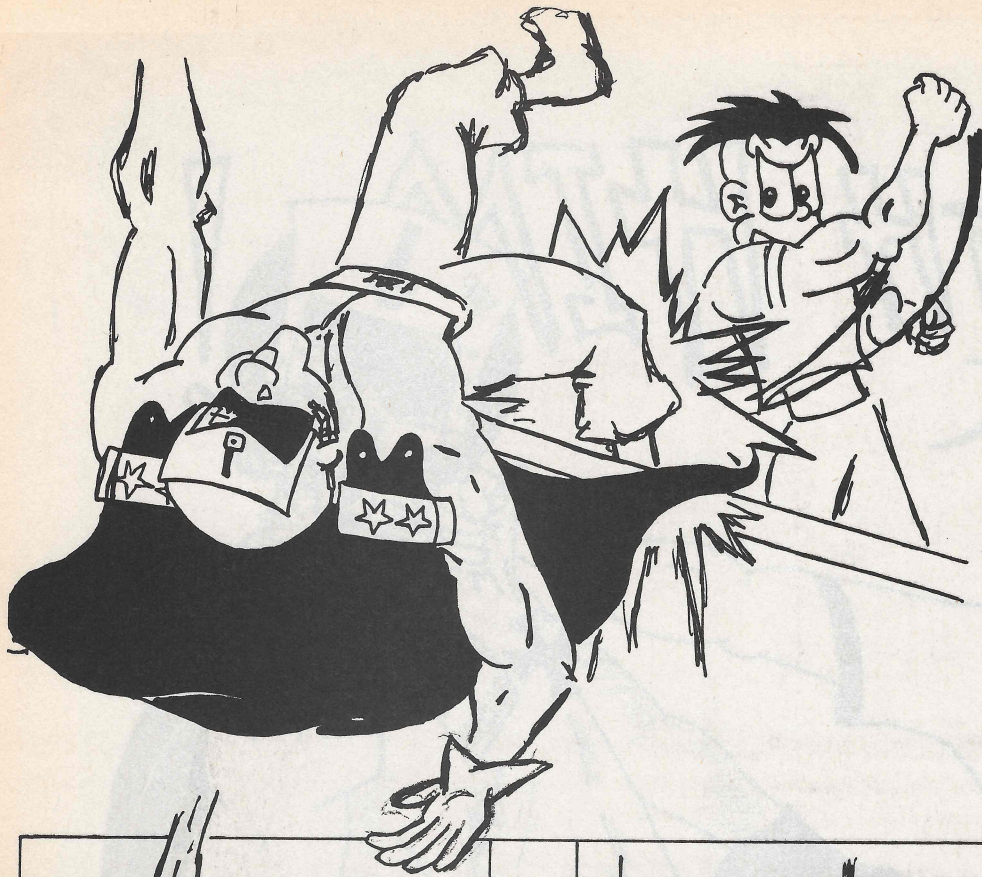

At that moment, Darth Gamble appears...

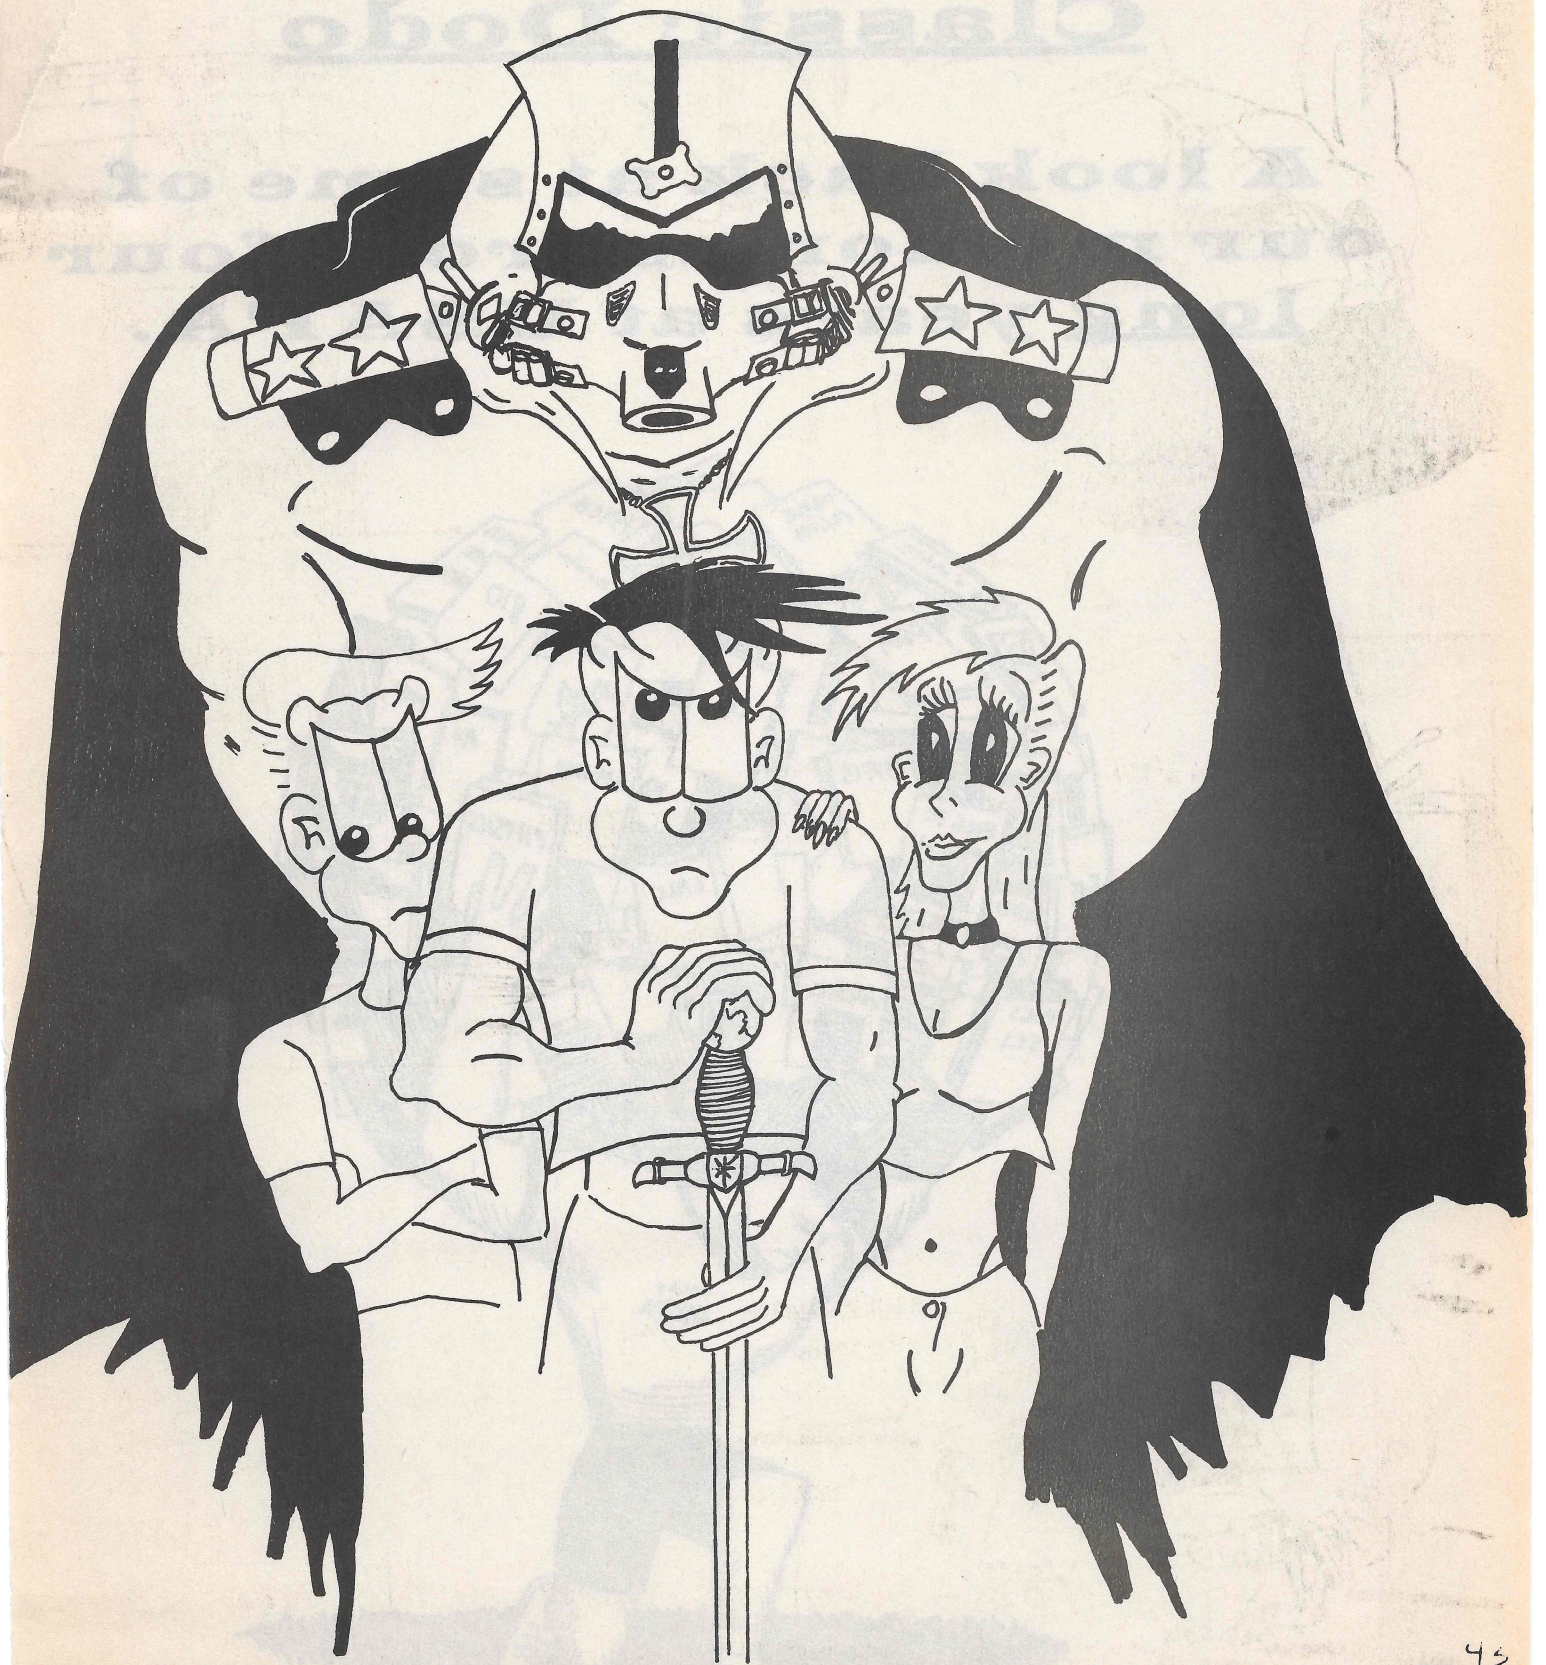

FINISH HIM!

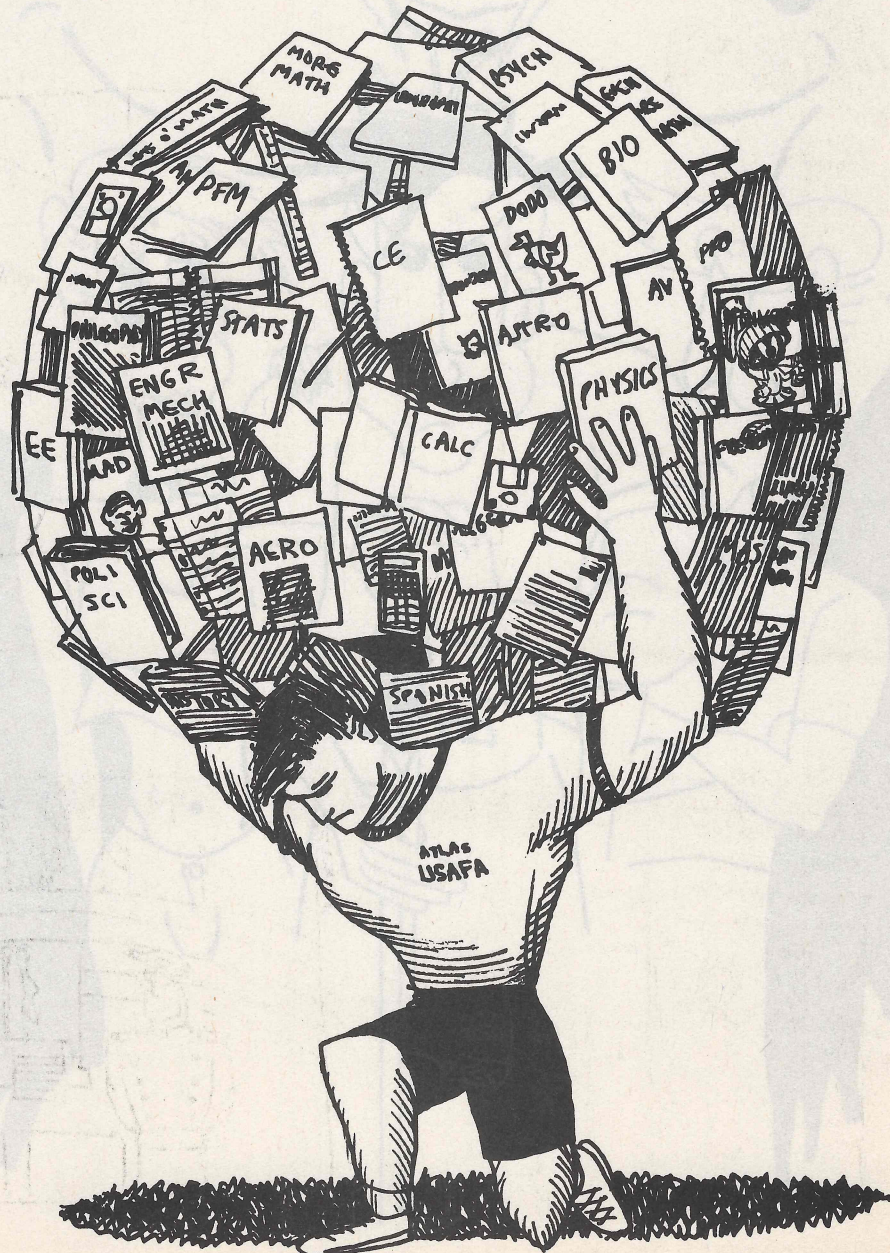

But is it ever really over?

MULTIPLE CHOICE:

1. SUPPOSE YOU WERE THE SUPERINTENDANT OF THE USAFA AND WANTED TO FIND OUT HOW MUCH CADETS WERE SLACKING OFF. WHAT TYPE OF SAMPLING WOULD YOU USE AND HOW?

A. I WOULD TAKE A SMALL SAMPLE FROM RANDOM CADETS, SEEING HOW THIS IS MUCH MORE EFFICIENT AND LESS TIME CONSUMING. CADETS ARE VERY BUSY AND NEED THEIR TIME.

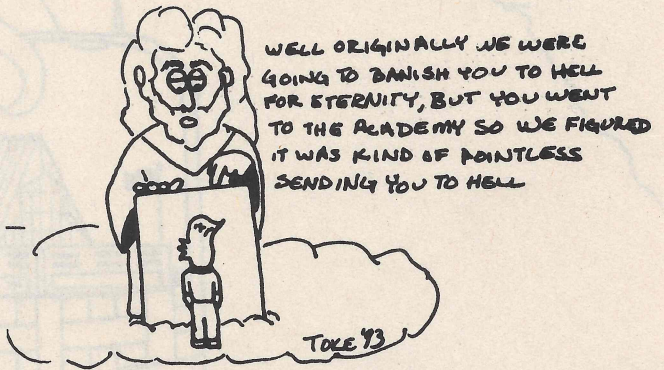

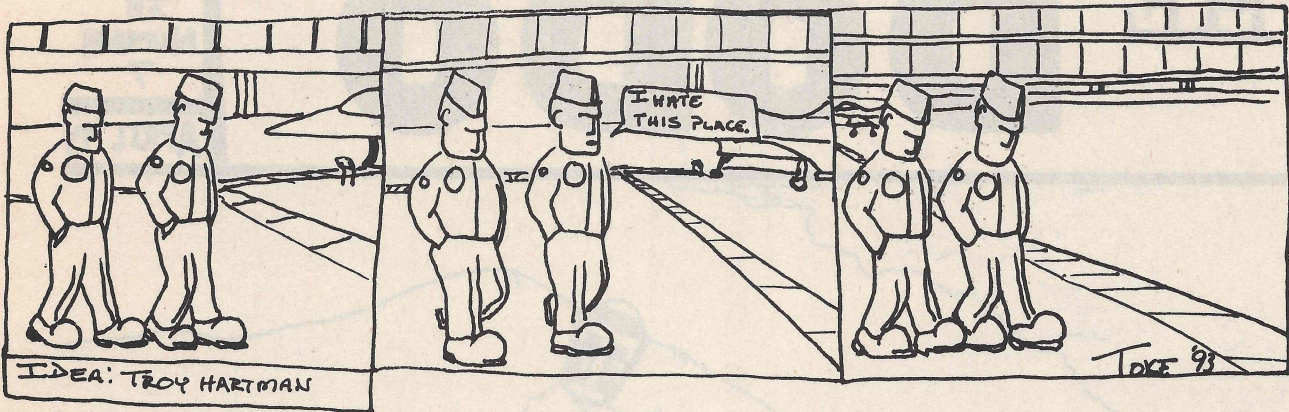

B. SAMPLING? WHAT SAMPLING? HECK, I'D SURVEY THEM ALL!!! WITH 20 DIGITERS! WHO CARES IF THEY ARE BUSY? THEY GOT THE WEEKEND RIGHT? IF THOSE SLACKERS DON'T LIKE IT, THEY CAN FALL IN! WHY, WHEN I WAS HERE....

Female Cadet: "No."

Civilian female consultant: "Well then it's obvious you are subconsciously a victim of the male dominating environment at USAFA."

MEMBERS OF THE CLASS OF 1995. YOUR LEADERSHIP OF THE CADET WING HAS BEEN TERRIBLE. YOU HAVE NOT BEEN ATTENDING TO THE SPECIFIC NEEDS OF YOUR PEOPLE. SINCE YOU CAN'T SEEM TO GET IT ON YOUR OWN, WE HAVE ATTACHED A "HOW TO" DOCUMENT TO HELP YOU. IT IS IN WORD 6.0

**CODE OF CONDUCT FOR
MEMBERS OF THE ARMED FORCES
OF THE UNITED STATES**

I am an American, fighting in the forces which guard my country and our way of life. I am prepared to give my life in their defense.

II

I will never surrender of my own free will. If in command, I will never surrender the members of my command while they still have the means to resist.

Message to the Center for Character Development:

When I am fighting for the forces which guard my country, by being a member of the U.S. Air Force, I am an American; not a German-American, not a Mexican-American, not Asian-American, Jewish-American, African-American, Irish-American, or Italian-American. We are all Americans, period. It scares me how we are being taught to focus on peoples' differences rather than on our unity of mission we all share as member of the military. Knowledge and pride in one's background in certainly a wonderful thing, but it seems to be coming at the expense of the team. During all of this Diversity Symposium, the focus was on our differences, how different we all are. There was no mention of us being on the same team, working towards a single goal.

It was as if we cannot just treat people as human beings, as members of the military, all of us willing to give our lives for our country. No, it was, "that is a female member of the Air Force" or "that is a minority member of the Air Force." We are being led to believe that diversity is a strength. It can be, but certainly not the way diversity is currently being taught. Soon, we will be so worried about how we get along with another person's race/gender group that we will forget about just getting along with the person. Diversity is a strength when it is a diversity of thought and opinion working towards a focused goal. Diversity of thought, Unity of Purpose. Not Diversity of skin color/religion/gender, Unity of nothing. Thinking that we will be strong simply because we have different colors of skin, different genders, or different religions is wrong; forcing a group to be "diverse" is patronizing to both the majority and the minority members of that group. You eliminate racism and sexism by showing everyone what can be done when we all work together, not by forcing us to listen to some preaching theatre group or take a biased 141-question climate survey. We, as members of the Cadet Wing, are doing that right now: working together. Don't make us focus on our supposed "differences," because when it comes right down to it, we all fight in the forces which guard our country and our way of life, and we are all prepared to give our lives in its defense.

REPORT OF CONDUCT				DATE		
CADET NAME (LAST, FIRST, MI) Ninety-Five, Class of				CL YR 1995	SQUADRON CS 1 - 40	
CONDUCT NARRATIVE (INCLUDE ALL PERTINENT FACTS -- DATE(S), TIME(S), OTHER CADET(S) INVOLVED, ETC.)						
<p>The above named class must be reprimanded for being the last class to go through the "old school" system of training. It is clear that the Class of 1995 has not internalized the need to treat freshmen like they are helpless puppies and and put them at rest every time one of the sports teams they have never supported wins a game. In addition, the Class of 1995 has done numerous other bad things during their four years at USAFA which deserve reprimand. These include, but are not limited to: using spirit hill as a "traversal" to Arnold Hall, then putting themselves at rest in Arnold Hall, disrespecting the Wing Academic Officer and Wing DCO as 3-degrees, sitting all-day CQ, getting trained at meals, giving current events, surviving four Commandants, openly resisting the evil influence of USAFANET, getting through their fourthclass year without "chat", wearing boots during BCT, not getting their base assignments until an hour before graduation, spending \$240 on linen exchange over 4 years, spending \$960 dollars on dry cleaning over 4-years, carrying M-1s during BCT and recognition, and generally showing pride and unity as a class. In essence, the Class of 1995 has been a thorn in the side of the Administration throughout their tenure at USAFA, and it is with pleasure I recommend the following action be taken.</p>

We here at the Dodo have always felt pity for those cadets who can't seem to grasp reality. Since USAFA is the only reality these people know, the following list is things we can do to help help cope with a non-USAFA environment.

- Tell your barber to "take a little off the top" and have him shave your head.
- Don't make yourself enough to eat for lunch.
- Get up 15 minutes early, tell yourself it's inclement weather, and go back to bed.
- Wear the same pants for 6 months.
- Read the Dodo, laugh a lot, and tell the Editor it wasn't funny.
- Tell yourself to take your hat off when you are in your house.
- Say "hi" to someone at your base, and have them ignore you.
- Fill out a useless survey
- Leave a note on the door of your apartment telling your neighbors how many people are sleeping in your apartment that night.
- When your phone rings, ignore it.
- When you are kicked out of the service for committing a felony, call your congressman and your lawyer and tell them how unfair the Air Force is treating you.
- When you want to take a shower, put a sign saying "closed for cleaning" in the door, and go to a shower a 1/2 mile away instead.
- Wait around naked for a little bit before getting into the shower.
- At breakfast, shoot hoops with a crumpled napkin into your spouse's glass.
- Tap the bottom of your plate with a knife when your dinner is late.
- Turn your stereo up, then see how long it takes for an officer to come to your house and tell you to turn it down.
- Park your car a couple miles from where you live.
- Have your neighbor tell you what to wear in the morning.
- After your neighbor tells you what to wear, have him change his mind 3 minutes before you have to leave.
- Go out to eat, ask the waiter for some water, and have him tell you there isn't any.
- Build the framework for a new building, then leave it that way all winter.
- Set off a fire alarm in your apartment complex, then ignore it.
- Throw a slice of cheese at a football game.
- Step on a pile of deer ~~shit~~.
- When confronted by a series of doors, walk 20 yards out of your way to use the propped-open door rather than opening one of the closed doors yourself.
- ~~Shit~~ in your sink.
- Lend a CD to your friend and have him never return it.

Some ideas are from J.R. Swift and an old Dodo.
