Intramuder started off in fine style this year with only one squadron, 4th, making a clean sweep of their first week's contests. Hopefully the trophy point spread will be a little closer this year. Last year's titans, 10th, are currently near the bottom, while the previous second place team, 7th is holding down the same position along with 9th, and 13th.

Strong wind today, huh? Yea...

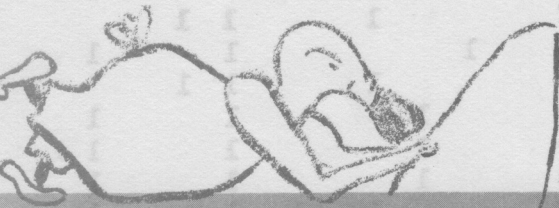

DODO'S

GIRL OF THE MONTH

Photos

by JL Martin 63

The Dodo found this beautiful, young lass working in the library. We decided not to pass the chance up and asked her to pose, these are the results.

Miss Syd Tanner is a quite a girl. She loves to dance; in High School she, was a cheerleader, and her intrests range from tennis to red cars she just loves red cars). Though she is very quiet, she is definately not the shy type.

She has dated cadetz before and is presently availible, (for those who need to research for their composition course)

She graduated from High School in 1959. She is 19 years old, and her phone number is ME 31406.

See you over at the library..

but where are they at the finish?

SLEEPPIE

This is a Sleepie. Sleepies are little (Sometimes big) animals moving in flocks. Sleepies come in from the west while the wing is at breakfast and hide in cadet rooms. At various times during each day, the sleepies come out and attack cadets. The only way to kill a sleepie is to crush him by laying on a bed. Sometimes it takes a long time. Sometimes they recover and attack cadets again during class. Then they must be crushed between the cadet and the blackboard. Sleepies are very speedy and are therefore seldom seen. Have you ever seen a sleepie? The reason the picture above is drawn is because sleepies are too fast to photograph.

If you see a sleepie, please notify 7th Squadron Operations Officer or CINC C-Flight. We collect sleepies and sell them to insomniacs. Proceeds go to the fund for needy people from Hobbs, N.M. and Scott AFB. On no account try to capture a sleepie without a license. Licenses may be purchased in Room 2B49.

PEL

Sam Dumsquat was gazing at a first classman. He was caught and ordered to hit it for twenty. (It took them twenty-five minutes to revive the upperclassman.)

One "Sir " per statement, Mister.

"Yes"...

QUOTES:

"Who is the president?"

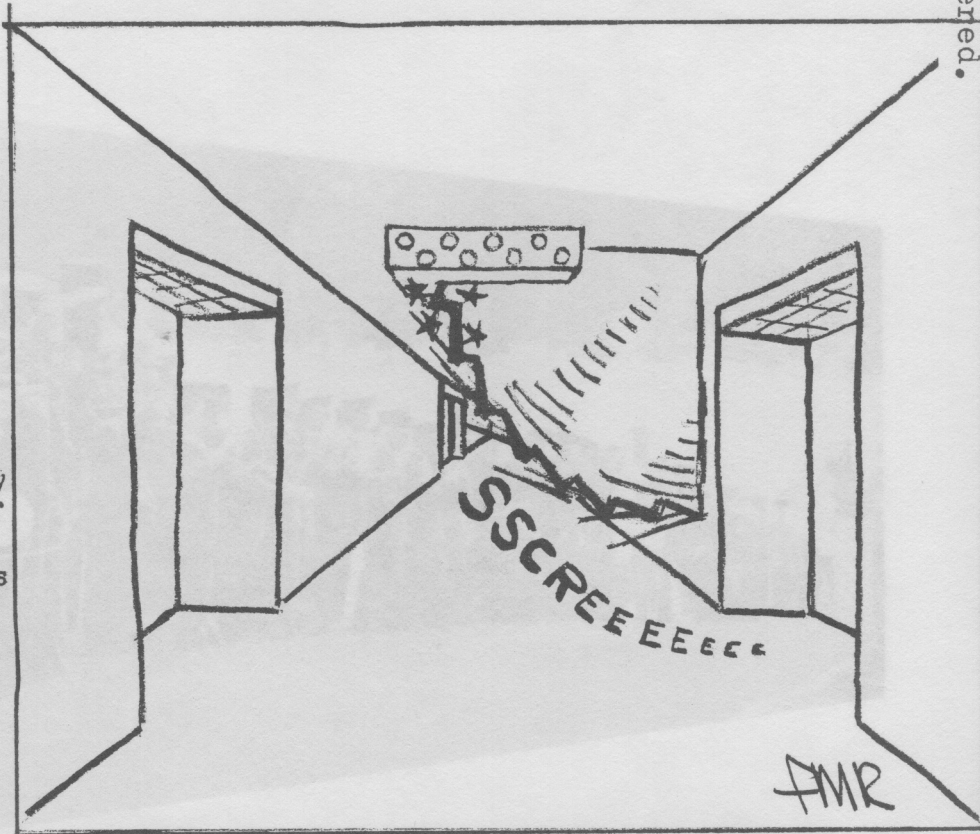

"Sir, the Honorable Robert D. Kennedy."

"Sir, The John Birch Society is a group of descendents of Mayflower immigrants..."

"Sir, Cross Scottfield flies the X-15."

"Sir, the Rhine river flows through Paris."

"Sir, the name of the aircraft of the President is the Concubine."

"OF COURSE, I'M NOT CUTTING TOO DEEP!"

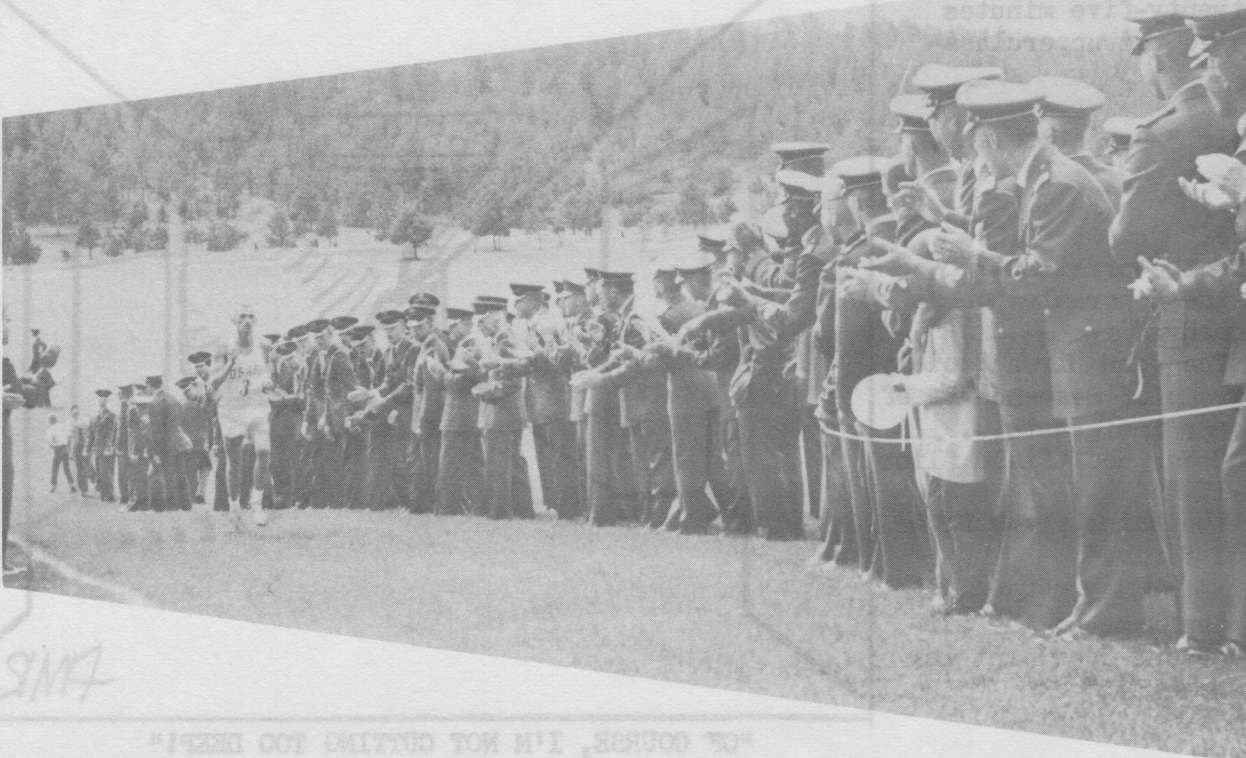

We played house. I was the walls and got plastered.

USAFA DEFEATS UCLA 19 to 40

Isaacson breaks loose ...

The game, played in the rain before 27,500 damp but enthusiastic fans, largest crowd ever to witness a Falcon home game, began to take form in the early minutes of play. In the opening period, the powerful Bruins plunged deep into USAFA territory on three separate occasions only to be repelled each time by a spirited Academy defense.

Sophomore Terry Isaacson was the sole bright spot on the Falcon offense, gaining 81 yards in thirteen carries. Terry also nabbed two Joe Rodwell passes for an additional 17 yards.

Falcon coach Ben Martin contributed an all-out effort to his chargers, stating that he couldn't find any fault in their efforts. "We couldn't play any better than we did," he said.
