SPACEMATE

Although it is generally accepted that "Schlitz made Milwaukee famous," I feel confident that after perusing these two pages you will be willing to qualify that judgement. Displayed before you are but a few of the admirable attributes which helped Miss Barbara Zanotti win the title of "Miss Sun Fun of Wisconsin." A resident of Milwaukee, Spacemate Barbara is very active in most outdoor sports, being especially fond of sailing and swimming; and, from the picture below, we can tell that she also exercises extreme discretion in her choice of literature. One seldom sees the Air Force Academy Falcon more attractively arrayed than he does here on the person of blue-eyed, brown-haired Barbara, who, by the way, models professionally. Lovely, twenty year-old Barbara, who I think would make any normal male forget about beer when he's in Milwaukee, is a good friend of Lance Sijan of 21st Squadron to whom we of the DODO Staff are indebted for the layout as well as the provocative poses.

# The Doob Sports Scope

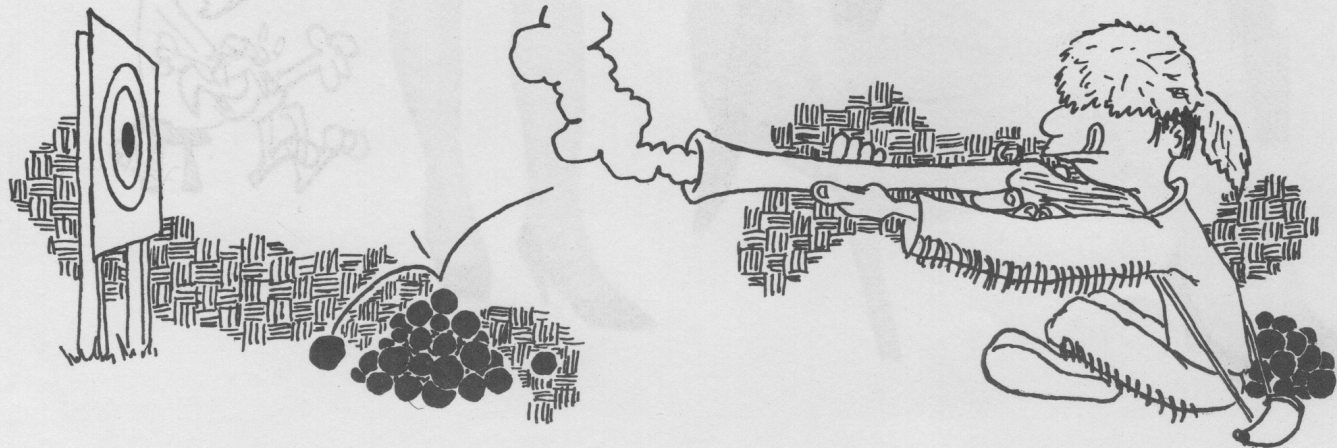

In the face of extreme adversity, the Falcon Rifle Team gave an excellent account of itself in the 32nd Annual Oklahoma State Hi-Power Rifle Championship. A late take-off from Lowry, a bristling 90 degree Oklahoma sun, lack of previous practice, and tough competition threatened to blank the Falcon shooters, but two sterling individual efforts saved the day. Circumstances prevented the team as a unit from competing, so it was reduced to an individual affair,

Cadet Bill Lawhorn, a first classmen, in every respect, from 18th Squadron, was literally hotter than a pistol and certainly was the outstanding man for AFA. Bill started rather slowly by placing second in match number 3, which included all classifications of shooters. They range from master, through expert and marksman, to sharpshooter. Bill is a marksman, and easily lived up to his title by placing first in matches six and eight, both at 600 yards. He was the First Marksman in each event. To finish an already very successful day, Bill set his sights on and brought home the Oklahoma State Championship in match 9. Congratulations on a fine job.

Lloyd Colvin, 3rd Squadron, another firstie, turned in another fine performance. Lloyd, also a marksman, was able to win first place in match 4, shooting at a range of 600 yards. This was a prone, slow-fire event. Good show.

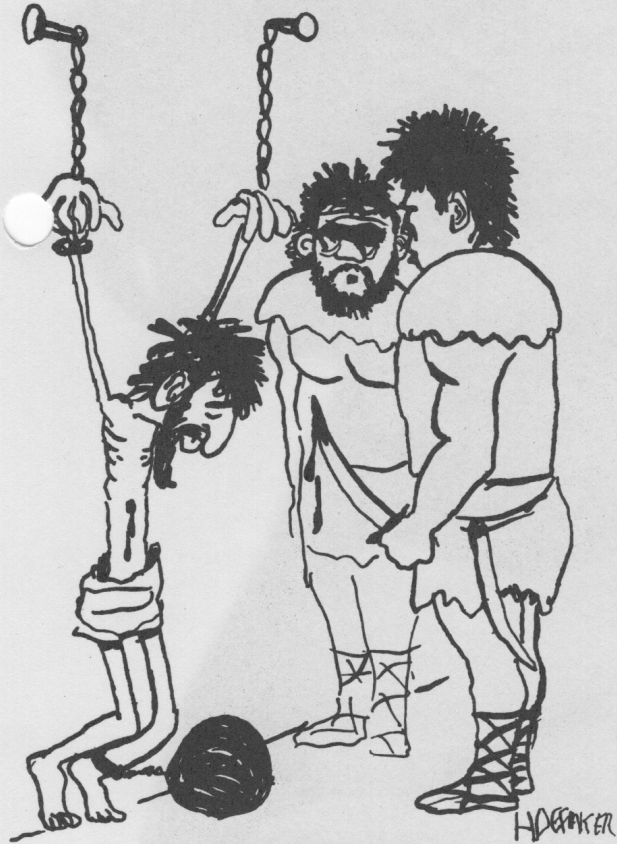

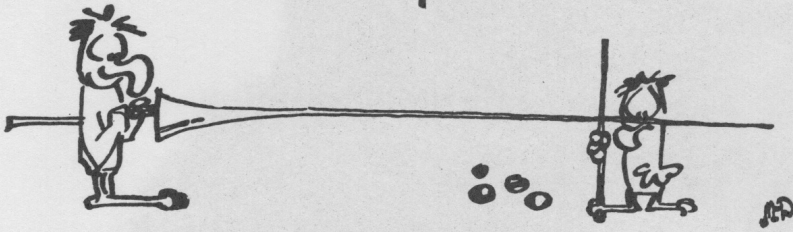

Captain Walton and Technical Sergeant Landers, the sponsor and coach respectively, sporting sun tans and red dust, were pleased with the team's performance and believed that, with practice, the team could do very well. It is hoped that they will achieve varsity status in the near future. Other members of the team are Tony Covias, Dan Fink, Terry Flower, Robert Davies, Tom Brawder, Mike Kennedy, and Bill Shepard. Nearly everyone shot well, and only the lack of practice kept the cadets from dominating their classifications. If all goes well, the Academy will have another fine team in the field this year.

And then we're told about the fellow who was barbequing a chicken in the backyard. It was as though a beatnik just then happened along, leaned over the fence, and said,

"Your organ isn't putting out much music, Dad, and your monkey's on fire."

"He Tried to Escape."

MAHOUT

"Say, do you think it will be all right if I ask Jane for a kiss tonight?"

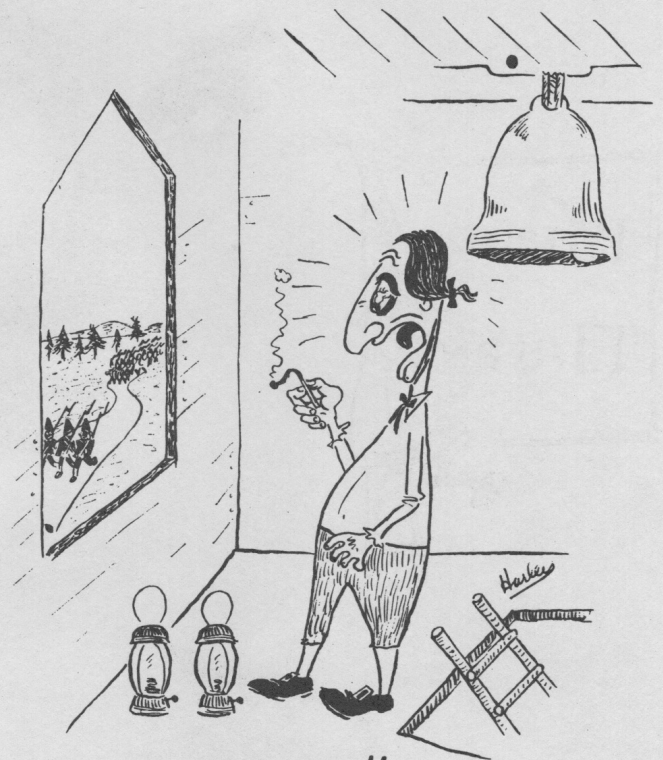

"You don't order rootbeer in a speakeasy, do you?"

"Darling," she purred, "how many others were there before me?"

After a few minutes of silence, she said, with a slight pout: "Well, I'm still waiting!"

"Well," he replied, thoughtfully, "I'm still counting."

## HARLEY VIEWS HISTORY

OH GAWD !!

He: "Why wait 'til we get home before you tell me if you'll marry me or not?"

She: "I'm scared. This is the very spot where my father proposed to my mother."

He: "So what?"

She: "Well, on the way home the horses ran away and my father was killed."
