SPRING BREAK?

you may have noticed there was only one (1) DoDo in the last four (4) mos. Well, like N.Y. mail men and the Air Traffic Controllers, we've been on strike. But, nobody noticed! We were hoping they'd call in CSU Angel flight but they refused to get haircuts.

Now we hear the 1^o are on strike about some good deal turned bad. Namely, the Oyster Bunny fiasco. This is obviously a result of mis-information. After all, nobody has IRI's on Sat. nite... (hope!).

Well, base of the Ramp and Hold the vator, I'll have a $\frac{1}{2}$ a glass wheaties, no ice...

SPRING BREAK?

AHHH YES... IT WAS TYPICAL OF THE TYPE OF BREAKS THE DOOLS HAVE BEEN GETTING. BUT YOU CAN REST ASSURED THAT THEY ARE NOW READY FOR SUCH EMERGENCIES AS A GOVT. SURPLUS OF 50 POUND RUCKSACKS, (REMOVAL TO ANY DISTANT PLACE IS NO PROBLEM).

SHOULD THE NATION EVER BE INVADED BY OLD TRACTOR TIRES WE HAVE A WELL TRAINED FORCE WITH WHICH TO MEET THEM, NOT THAT

THEY COULD GET RID OF THEM BUT THEY COULD KNOCK THEM AROUND A LOT,

AND AT THE SAME TIME DESTROY ANY GOVT. SURPLUS

MONTHLY MYSTERY

YOU TOO CAN BE A DETECTIVE...GIVEN THE ROOM BELOW, PUT TOGETHER THE CLUES AND FORMULATE HOW THE MURDER MUST HAVE HAPPENED.....CAN YOU DO IT?

ANSWER:

THE MAN, A COP, COMES HOME HIGHLY INTOXICATED. THE MURDERER IS HIDING IN THE WASTEBASKET. AS THE MAN COMES IN HE SLAMS HIS HAND IN THE DOOR SEVERING IT AT THE WRIST. HIS SCREAMS AWAKEN THE MURDERER WHO THROWS THE KNIFE WHICH RICOCHETS OFF OF THE CLOCK AND NARROWLY MISSES THE COPS NECK SEVERING BOTH LAPEL BUTTONS. THE COP WHIRLS AROUND (STARTLED BY KNIFE) AND TRIPS OVER GUN WHICH HE FORGOT TO TAKE WITH HIM THIS MORNING, GUN DISCHARGES KNOCKING TELEPHONE RECEIVER OFF OF HOOK. HE CONTINUES TRIPPING AND BLOWS LUNCH, (TWO BOWLS OF CHEERIOS), ON THE WALL AS HE PROCEEDS TO FALL THROUGH THE WINDOW, BLEEDING PROFUSELY ALL THE WAY.

ATTN OF: C2/C Stormphlitz, CS-00

SUBJECT: Remaining in USAFA area spring break

TO: Maj. [REDACTED], AOC CS-00

1. I will be staying in the Academy area during spring break. That is, I will be using it as base ops for smoking up to Denver or C-Springs. During the time I'm here it will be relatively cheap, and since I'm overdrawn at the bank for the third month in a row, financial restrictions won't bother me.
2. I figure that while I'm here it would be a good chance to brush up on my military bearing and knowledge. I was even thinking of going through some of the air force enrichment programs planned for the doolies. I've heard that the "guts galore" is supposed to be extremely motivational. Besides that, while I'm not doing anything else important I'll have a chance to soak up some of this beautiful Colorado weather.
3. Since I'll be here anyway, I figure that maybe some free evening I can drop in and have dinner with you and your wife. You said that if any of the troops ever had any problems to bring them to you, and a free meal or two would really help out the checkbook. Also, would you mind if I brought a couple of my friends along?

Sincerely yours,

Vernon Q. Stormphlitz

Millions flock to Disneyland each year to spend their vacation viewing the imaginative creations of the Disney Crew. This year, why throw away your savings when you can see it all for free at the Nation's number 2 Tourist trap, USAFA (We try harder) or:

DISNEYLAND MID-WEST

HIYA KIDS. We will start our visit of the Aluminum Wonderland at the tour pad, but first I would like to give you a preview of what is instore for you in the next five days.

Our first day will be FANTASY DAY. Several fun activities have been set up for your recreation. Skiing, Horseback riding, and Soaring are just a few I will mention now. However, I am sorry to say that if it snows then skiing will have to be cancelled. Who ever heard of skiing in snow??? If the vet says that the horse is over its hoof-and-mouth, riding will go on as scheduled. The excess of air in the atmosphere has caused the cancellation of soaring indefinitely, but the Comm-Shop is working on having the problem alleviated. Well, you have four more days to look forward to, and you can thrill at the thought of all the fun you might have had today.

Next we have a special-motivational-good-deal I know you'll all really dig. Busses will be provided so that you may journey to the North to HISTORY-LAND, the site of the very first home of our beloved monastary. Some of the old studs from the original site are still around, and if you're REALLY lucky, one of them may PING you for your haircut on that self-same hallowed ground. Then YOU could say to all your friends, "...".

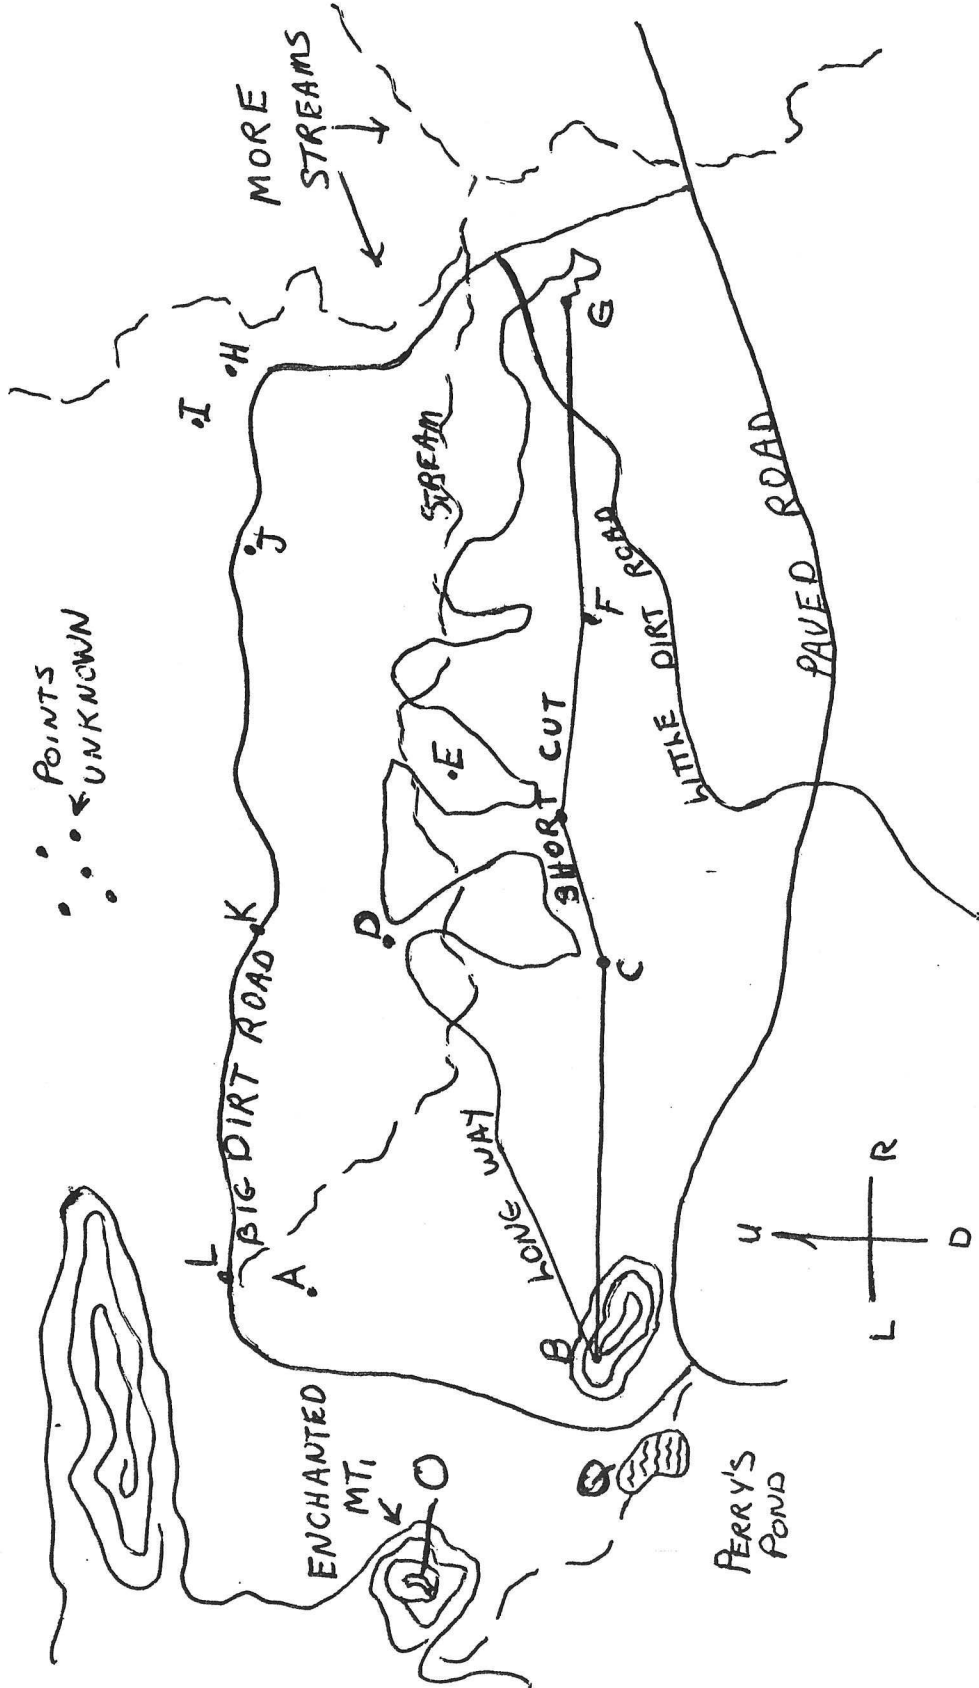

BEAT ARMY!

Now, back to our normal schedule, we have TOMMOROW-LAND DAY, a preview of the future that will really freak you out. You will ZOOM in an F-41 and your breath(and lunch) will be taken away when you cruise in a SST-29(Super-Slow Transport). Also, you will see the space-age fire-fighting technique, used when a tight formation of barrels catch fire. DON'T MISS IT--IT'S A GAS!(JP-4) You will probably never forget the AF-219/3LRX which replaced the obsolete AF-219/3LRY, a more efficient way to remove waste from the Fokker Tri-plane(Model 1916-C2)

~~-All-evenings-will-be-free~~

SPORTS AND FROLIC Day is set up to keep you active. After a long nite's rest you need a little activity to get your blood going. All athletic facilites will be open to you provided that you want to play either Vollynut, Basketbounce, or Water-polio. YESSIREE, GUARANTEED FUN AND EVERY ONE A WINNER!!!!

FRONTIERLAND MAP

• X BASE OF THE RAMP

Our last day is so special you need a map to know what's going on. You won't want to miss FRONTIER DAY, and you probably won't because it ain't gonna be called off.

We will start at "A", COWBOY STATION, where you will get to see just how fast you are with a gun. Please do not shoot at any of the personell because it would be too hard to replace someone with their type of mind.

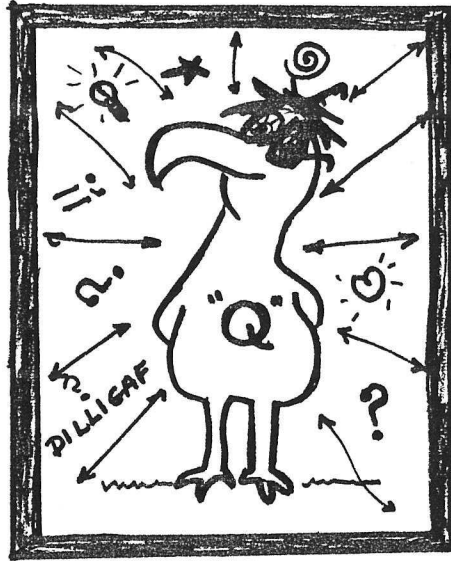

From "A" you will go to "B"(because "B" comes after "A") when you will go on to your SCIENTIFIC EASTER-EGG HUNT. Maps and compasses will be provided to assist you in the hunt. Anyone who finds an egg automatically wins and will proceed directly to his Honor.Rep since there are really no eggs out there. Recomendated time is two hours ending at point "G"; "C" through "F" are not important.

Proceeding to point "H" you will be given a map to locate where you are in case you did'nt know you were there.

From H we skip I and go to J because I isn't any fun. At J you get to crawl around insearch of a lost contact. It was reported lost by some fallen logs near a string of barbed wire. You will probably never find it because that is almost as hard as finding a sign on land nav.

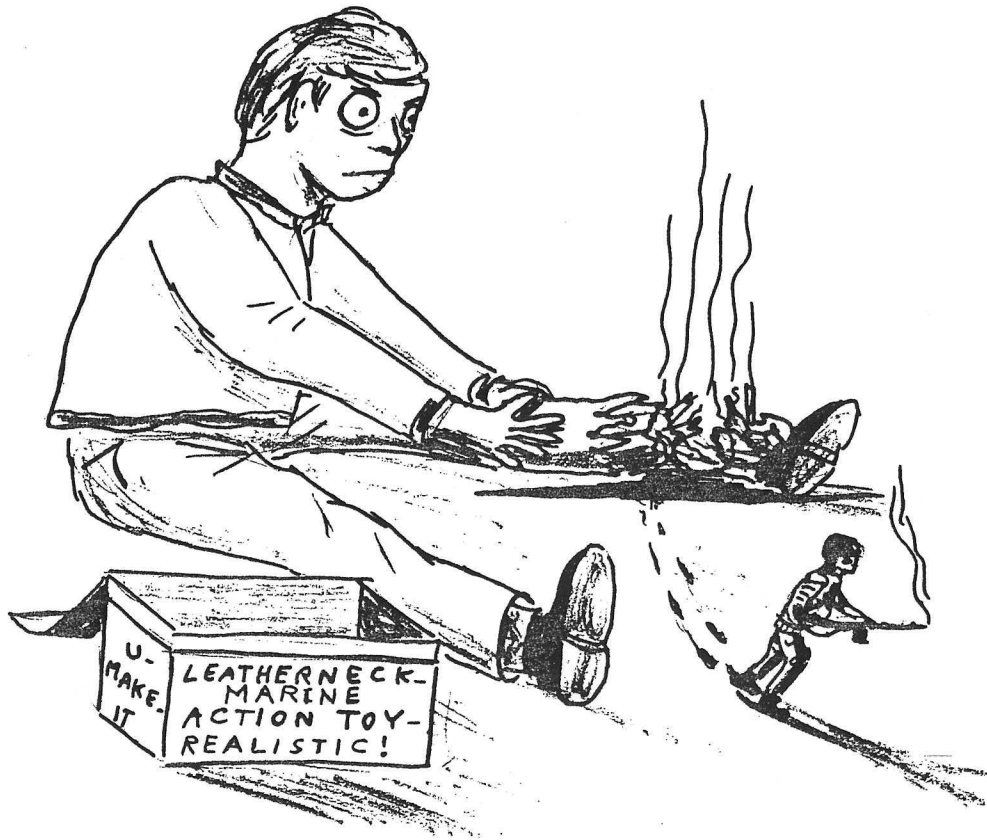

Now we walk from J to K to L and climb the Enchanted Mountain at point O only to find you have to climb down to get to point Q were we have the Aqua-rama. Free fishing and boating is provided on Perry's Pond. No swimming will be allowed. Evening sets in along with the hunger pains and frost bite and you look forward to the hike back to the bus to get a ride home. You have done it eventhough you don't know what it was or what it was for. We have opened the door for 74. Let them out to go HOME.
